Key Features

- Free Airdrop for Loss Recovery (1000 tokens for early users)
- Web3 Integrated Ecosystem
- Low-Cost, Fast Transactions
- Smart Contract Automation
- Community-Governed DAO System
- Multi-Chain & NFT Integration

Mission & Vision

Vision

To establish a decentralized blockchain ecosystem that restores trust, covers past losses, and builds new financial growth opportunities for every community member.

Mission

To empower every participant through transparent airdrops, low-cost transactions, and sustainable blockchain earning models.

Market Opportunity

The Need for Low-Cost Blockchain Transactions

Traditional networks have high gas fees and slow transaction speeds. HMFT solves this with low-cost transfers and fast block finality through the BNB Smart Chain and its own upcoming HAHM Blockchain.

Addressing Scalability & Accessibility Issues

HMFT ensures accessibility to all — no complex technical steps, just simple wallet registration and income tracking.

Competitive Advantages of HAHM FUN

- Community-First Ecosystem
- Scalable Infrastructure
- Recovery Airdrops
- Real-World Utility Integration
